CONSTRUCTION & LANDSCAPE TARP SYSTEMS

US Tarp has a Front-To-Back tarp system to fit your application whether it is a dump body or a dump trailer. From a telescopic two-piece Aluminum or Galvanized Steel to a durable one-piece Bulletproof design, our systems provide easy installation while keeping your load safe.

Built for the long haul, our telescopic arms move smoothly while maintaining proper spring tension. Our spring technology ensures reliability load after load.

Landscape Systems

US Tarp Landscape Tarp Systems are a convenient and dependable application for everyday light duty hauling. Options include either a Manual Crank or Semi-Automatic Pull Style Spring Return system that are easy to install and easy to operate.

1

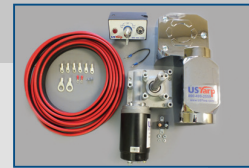

DUMP TRUCK SYSTEMS

Aluminum External Mount Systems

Designed for dump bodies, the Aluminum External Mount Systems are available with 3, 4, and 5 spring options, versatile bolt-on or weld-on spring assemblies, and telescopic arms to cover a range of body sizes. Both electric and manual system options are available.

•STANDARD DUTY KIT•

1. Telescopic Arms to fit a wide range of body lengths
2. Aluminum Arm
3. Bulletproof Slim 50:1 Tarp Motor
4. Hollow Tarp Axle with End Caps
5. Spiral Torsion Springs

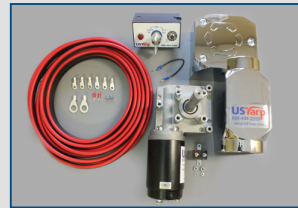

DUMP TRUCK SYSTEMS

Galvanized Steel External Mount Systems

Designed for dump bodies, the Galvanized Steel External Mount Systems are available with 4 and 5 spring options with versatile bolt-on or weld-on spring assemblies, and telescopic arms to cover a range of body sizes. Both electric and manual systems are available.

•STANDARD DUTY KIT•

1. Telescopic Arms to fit a wide range of body lengths
2. Galvanized Steel Arm
3. Hollow Tarp Axle with End Caps
4. Bulletproof Slim 50:1 Tarp Motor
5. Spiral Torsion Springs

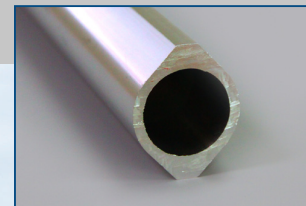

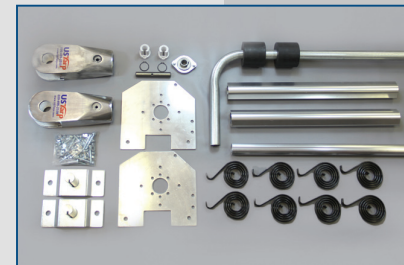

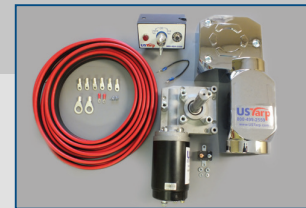

DUMP TRUCK SYSTEMS

Bulletproof Aluminum External Mount Systems

Designed for dump bodies, the Bulletproof Aluminum External Mount Systems have high-strength, one-piece arms, and are 100% mounted with durable two-piece casting assemblies. 4 and 5 springs assemblies are available. Each base system comes equipped with a standard galvanized steel cross tube for a 96" wide body.

•STANDARD DUTY KIT•

1. One-Piece Bulletproof Arm
2. Hollow Tarp Axle with End Caps
3. Bulletproof Slim 50:1 Tarp Motor
4. Spiral Torsion Springs

DUMP TRAILER SYSTEMS

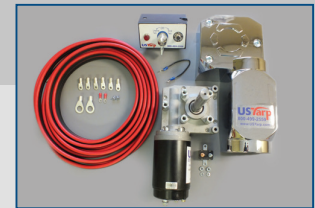

Aluminum Underbody Mount Systems

Two-piece Aluminum Underbody Mount is a versatile trailer design with bolt-on or weld-on spring assembly options, and telescopic arms to cover up to 40' trailers. Electric and manual options are available. Upgrade your underbody tarp system with a heavy duty motor, coil springs, and heavy duty tarp axle by choosing our Heavy Duty or our Heavy Duty Plus Kit. Dump Trailers 38' or less come standard with the Heavy Duty Kit. Dump Trailers up to 40' come standard with the Heavy Duty Plus Kit.

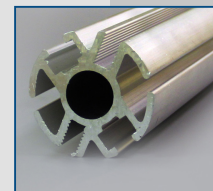

•STANDARD DUTY KIT•

1. Telescopic Arms to fit a wide range of body lengths
2. Aluminum Arm
3. Hollow Tarp Axle with End Caps
4. Bulletproof Slim 50:1 Tarp Motor
5. Spiral Torsion Springs or 15 Coil Underbody Springs

•HEAVY DUTY KIT•

1. Heavy Duty Tarp Axle
2. Bulletproof 60:1 Tarp Motor
3. 15 Coil Underbody Spring or 7 Spiral Mounts

Upgrade from Standard Duty to Heavy Duty Kit • Add -HDS to Part #

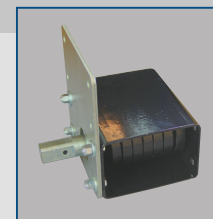

•HEAVY DUTY PLUS KIT•

1. Bulletproof 90:1 Tarp Motor
2. 10 Spiral Underbody Mounts

Upgrade from Standard Duty to Heavy Duty Plus Kit • Add -HDP to Part #

AGRICULTURAL & SPECIALTY TARP SYSTEMS

US Tarp has systems to fit most agriculture and specialty trailers. Once installed, our Cable Tarp, Side Roll, and Side Dump designs are easy to operate and will keep your cargo safe. US Tarp cables, motors, and bows are built for the long haul and will remain reliable day after day.

AGRICULTURE TARP SYSTEMS

Side Roll and Premium Belt & Ratchet Tarp System

Manual Side Roll and Premium Belt & Ratchet Tarp Systems fit trailers 10' to 54' in length, and are the most water-resistant systems offered, making them ideal for agricultural use. The Side Roll Systems come standard with a pinless crank retainer kit with 7" offset along with extruded aluminum tarp stops. Belt & Ratchet Systems include heavy duty ratchet strap kits, crank retainer kit, and quick release tarp stop.

• STANDARD ROLL TARP SYSTEM •

- Fits Applications from 10' to 54'
- Up to 102" Wide Body
- 18 oz Black Vinyl Tarp Standard
- Pin-Less Crank Retainer Kit with 7" Offset
- Extruded Aluminum Tarp Stops
- No End Caps

• PREMIUM BELT & RATCHET SYSTEM •

- Fits Applications from 10' to 54'
- Up to 102" Wide Body
- 18 oz Black Vinyl Tarp Standard
- Heavy Duty Ratchet Strap Kits Included
- Crank Retainer Kit
- Quick Release Extruded Aluminum Tarp Stops
- No End Caps
- Bullet Proof Dual Tarp Motor (90:1) rated 12' to 30'
- Bulletproof Motor with Keyway in Shaft 90:1 rated for 31'-40'

SPECIALTY TARP SYSTEMS

Side Dump Tarp Systems

Side Dump Tarp Systems are complete electric tarping solutions, offering custom mounting brackets and available in sizes covering applications from 20' to 40'.

Length	Black Vinyl	Black Mesh
20'	SD20BV	SD20BM
